1.02 Commencement

These Orders commence on the commencement of the Export Control (Wild Game Meat and Wild Game Meat Products) Orders 2010.

1.03 Objectives

(1) The principal objectives of these Orders are:
(a) to ensure that poultry meat and poultry meat products exported, or for export, for food:
   (i) are wholesome or are identified as requiring further processing to be fit for human consumption; and
   (ii) meet relevant importing country requirements; and
   (iii) are traceable and can be recalled if required; and
   (iv) are derived from animals that were treated humanely during slaughter; and
(b) that the integrity of poultry meat and poultry meat products exported, or for export, for food is assured; and
(c) that the trade descriptions for poultry meat and poultry meat products exported, or for export, for food are accurate.

(2) Other objectives of these Orders are to ensure an accurate assessment can be made whether the following are met:
(a) the objectives specified in suborder (1);
(b) the applicable requirements of the Act and these Orders.
1.04 Prescribed goods

Poultry meat and poultry meat products exported, or for export, for food are declared to be prescribed goods for the purposes of the Act.

*Note* A consequence of this order is that certain provisions of the Act (for example, Parts II and IV) apply to poultry meat and poultry meat products exported, or for export, for food.

Division 1.2 Application of export control orders and Australian Standards

1.05 How the Export Control (Prescribed Goods — General) Order 2005 applies

(1) The following provisions of the *Export Control (Prescribed Goods — General) Order 2005* apply to poultry meat and poultry meat products exported, or for export, for food:
   (a) Part 1 (other than section 1.07);
   (b) Part 14.

*Note 1* Part 14 of the *Export Control (Prescribed Goods — General) Order 2005* deals with sampling and analysis.

*Note 2* The following provisions of these Orders call up provisions of the *Export Control (Prescribed Goods — General) Order 2005* in certain cases:
   (a) orders 7.01, 10.13 and 10.14;
   (b) paragraph 5 (b), clause 12 and paragraph 18.1 (a) of Schedule 1;
   (c) paragraphs 7 (g) and 10.1 (g) of Schedule 5;
   (d) subclauses 11.2 and 11.3 and paragraph 13.1 (b) of Schedule 6;
   (e) paragraphs 5.1 (a) and 12.1 (a) of Schedule 9;
   (f) paragraph 2.1 (c) of Schedule 10

(2) Except as expressly provided in these Orders, the *Export Control (Prescribed Goods — General) Order 2005* has no application to poultry meat or poultry meat products exported, or for export, for food.
1.06 **Export Control (Meat and Meat Products) Orders 2005 do not apply**

The *Export Control (Meat and Meat Products) Orders 2005* have no application to poultry meat or poultry meat products exported, or for export, for food.

1.07 **How the Australian Poultry Meat Standard applies**

In applying the Australian Poultry Meat Standard as required by these Orders, the Australian Poultry Meat Standard is to be read as if:

(a) references to a *poultry meat business* were references to an establishment or the occupier of an establishment where the business is conducted (each as defined in suborder 1.09 (1) of these Orders); and

(b) references to the *proprietor* were references to the occupier, as defined in suborder 1.09 (1) of these Orders, of the relevant establishment; and

(c) references to an *operator* were references to the occupier, as defined in suborder 1.09 (1) of these Orders, of the relevant establishment; and

(d) references to a *poultry processing premises* were references to a poultry meat processing establishment as defined in suborder 1.09 (1) of these Orders; and

(e) other words and expressions in that Standard that are defined in these Orders had the meanings that they have in these Orders.

*Note* Order 1.07 does not amend the Australian Poultry Meat Standard. Because there are slight differences of expression between the Standard and these Orders, order 1.07 tells you what you have to do to read the Standard in a meaningful way when you are applying it as required by these Orders.

1.08 **Inconsistency**

If there is an inconsistency between a requirement of these Orders and a requirement of:

(a) another applicable export control order; or

(b) a standard or other document applied by these Orders;
the requirement of these Orders prevails to the extent of the inconsistency.

Note For reinstatement of registration and approval of an arrangement see clause 29.

24 Termination at occupier’s request
24.1 The occupier of a registered establishment may terminate the registration of the establishment by giving the Secretary written notice of the termination.

24.2 If the registration is terminated under subclause 24.1, the occupier’s approved arrangement is also terminated.

25 When registration and approved arrangement lapse
If the person in whose name an establishment is registered ceases to be the person who carries on the operations to prepare poultry meat or poultry meat products for export for food at the
Clause 26

26 When registration ceases to have effect

26.1 The registration of an establishment ceases to have effect on the earliest of:

(a) the end of 12 months after the approval of the approved arrangement for the establishment ceases to have effect;
(b) the day when the revocation or termination of the registration takes effect;

Note For when revocation or suspension of registration has effect see subclauses 18.4 and 19.5. For when revocation or suspension of an approved arrangement has effect see subclause 20.3. See also subclauses 18.3 and 19.4.

26.2 The registration of an establishment ceases to have effect in part if a circumstance referred to in paragraph 26.1 (a) or (b) occurs in respect of that part.

Note Operations to prepare poultry meat and poultry meat products for export for food may not take place if the registration ceases to have effect. For the requirement to be registered see orders 3.01 and 4.05.

26.3 If registration of an establishment is suspended (including in part), the registration is of no effect to the extent of the suspension but the occupier of the establishment must nevertheless comply with the obligations under these Orders that would apply if the registration were not suspended.

29.2 If the grounds on which the approval of an arrangement is revoked no longer exist, the Secretary may, at the Secretary’s discretion, by written notice to the occupier, reinstate the approval of the arrangement.
Clause 30

30 Secretary may require occupier to take action

30.1 If the registration of an establishment or the approval of an arrangement for an establishment ceases to have effect, the Secretary may, by written notice to the occupier of the establishment, require the occupier to take action within the period specified in the notice in respect of any of the following:

Level 5 penal provision

Note Breach of a level 5 penal provision is punishable by a fine of up to 50 penalty units: regulation 4 of the Export Control (Orders) Regulations 1982.
Part 4        Payment of debts

31  Notice of non-payment of debts

If an amount that is payable to the Department in respect of a registered establishment is not paid within 30 days after it was due for payment, the Secretary may give the occupier of the establishment a notice stating that the amount is due for payment (notice of payment due).

Note  For when registration may be suspended or revoked if an amount that is payable to the Department is not paid: see clause 19.

32  Undertaking for payment of debts

32.1 This clause applies if:
(a) an application is made for the registration of an establishment; and
(b) an amount that is payable to the Department in respect of the establishment (whether or not the amount was incurred by the applicant) has not been paid (the amount outstanding).

32.2 For the purposes only of dealing with the application, the amount outstanding is taken to have been paid if:
(a) the applicant gives a written undertaking to the Secretary to pay the amount outstanding to the Department on terms agreed with the Secretary; and
(b) the Secretary accepts an undertaking.

Note  Compliance with this undertaking is a condition of registration: clause 10.

32.3 The undertaking must include a term that the amount outstanding is to be reduced by all amounts paid by or on behalf of the person who incurred the fee, charge, levy or penalty to which the amount outstanding relates (the original debtor).

32.4 In considering whether to accept an undertaking, the Secretary must take into account:
(a) the financial position of the proposed occupier, so far as it is known to the Secretary; and
Clause 33

(b) the nature and likely cost of the operations proposed to be carried on at the establishment, so far as they are known to the Secretary; and

(d) any other relevant considerations.

32.5 An undertaking may be varied at any time by agreement between the Secretary and the applicant.

32.6 The Secretary may agree to a variation of an undertaking if:
   (a) taking into account the matters mentioned in subclause 32.4, the Secretary considers that it is appropriate to do so; and
   (b) the variation does not reduce the applicant’s liability to pay the amount outstanding.

33 Recovery of amount payable

An amount payable under an undertaking under clause 32 (including as varied) in respect of the period during which the establishment to which the undertaking relates is registered in the name of the person giving the undertaking:
   (a) is a debt due to the Commonwealth; and
   (b) may be recovered in a court of summary jurisdiction.

34 How payments must be applied

34.1 A payment under an undertaking under clause 32 reduces the amount outstanding to the extent of the payment.

34.2 If:
   (a) an undertaking under clause 32 relates to 2 or more amounts outstanding; or
   (b) a person bound by 2 or more undertakings under clause 32 makes a payment in respect of any of the undertakings; the Secretary may determine the order in which payments are to be applied to reduce the amounts outstanding.
Clause 36

35 **Refund of excess amounts paid**

If the sum of payments made under an undertaking under clause 32 in respect of an amount outstanding, being payments made by or on behalf of the original debtor, exceeds the amount outstanding, the excess must be refunded to the person giving the undertaking.

36 **Liability of original debtor**

Except as provided for by subclause 34.1, the liability of the original debtor to pay the amount outstanding is not affected by an undertaking under clause 32 or by payments made under such an undertaking.

Schedule 6    Trade descriptions and official marks
(orders 3.05. 4.12. 4.13)

Part 1    Trade descriptions

Division 1.1    Requirement to have trade description

1    Content of trade description

1.1 Poultry meat and poultry meat products for export for food must have a trade description containing the information specified in subclause 1.2 applied to them no later than the date of packaging.

Note 1 For dispositions that an authorised officer may apply to poultry meat and poultry meat products that do not meet the requirements of this Schedule see order 8.02.

Note 2 For alternative requirements for meat for further processing see clause 4.

1.2 Subject to clause 4, the trade description must contain:
(a) a full description of the poultry meat or poultry meat products; and
(b) the species of poultry from which the poultry meat or poultry meat products are derived; and
(c) the net weight of the poultry meat and poultry meat products; and
(d) the country of origin of the poultry meat or poultry meat products; and
(e) the registration number of the establishment at which the poultry meat or poultry meat products are last packed before export; and
(f) the name and address of:
(i) the occupier of the establishment referred to in paragraph (e), or
(ii) the exporter or consignee of the poultry meat or poultry meat products; and

(g) the date or dates of packaging, in the format day (in 2 numerals), month (abbreviation) and year (all 4 numerals); and

(h) for poultry meat and poultry meat products containing more than 1 ingredient — a list of ingredients (excluding any processing aids) in descending order of ingoing weight; and

(i) the identity of the batch; and

(j) except for shelf stable poultry meat products — a statement indicating whether the poultry meat or poultry meat products should be kept chilled or frozen; and

(k) for cans containing poultry meat or poultry meat products:
   (i) the registration number of the registered establishment preceded by the letters ‘EX’; and
   (ii) in code or in clear — the date or dates on which the can is closed; and
   (iii) in code or in clear — the description of the contents in the can.

Note 1 For the requirement for the trade description to be accurate see clause 5. See also section 15 of the Act for offences in relation to false trade descriptions.

Note 2 The Trade Practices Act 1974 contains prohibitions on engaging in conduct that is misleading or deceptive or is likely to mislead or deceive (for example, see section 52 of that Act) and prohibitions on making false or misleading representations, including about the country of origin (for example, see sections 53 and 75AZC of that Act).

Note 3 Part V, Division 1AA of the Trade Practices Act 1974 provides defences that certain country of origin representations do not contravene section 52, paragraph 53 (a) or (eb) or subparagraph 75AZC (1) (a) (i) of the Trade Practices Act 1974. See further sections 65AA to 65AN of the Trade Practices Act 1974. For further guidance on correctly describing the country of origin see the ACCC website, http://www.accc.gov.au/.

Note 4 If the importing country authority specifies that it does not require a trade description requirement to be met, the Secretary may give the occupier a notice specifying that the trade description requirement does not apply: order 9.02.

1.3 If poultry meat or poultry meat products are packaged on behalf of a person who is not the occupier of the registered
establishment at which the poultry meat or poultry meat products are prepared, the trade description must contain the identity of:

(a)  the person who packed the poultry meat or poultry meat products; and
(b)  the person on whose behalf the poultry meat and poultry meat products were packed.

1.4 Poultry meat products for export for food must comply with each of the applicable requirements specified in Standard 1.2.4 of the Food Standards Code for labelling and naming ingredients and compound ingredients.

Note 1  If the importing country authority specifies that it does not require a trade description requirement of this Schedule to be complied with (or specifies a less stringent requirement), the Secretary may give the occupier a notice specifying that the requirement of this Schedule does not apply: order 9.02.

Note 2  At the date of commencement of these Orders, the Food Standards Code was accessible on the Internet at http://www.foodstandards.gov.au/thecode.

2  Applying trade description to cartons

For cartons containing poultry meat or poultry meat products, the trade description must be applied to any 1 end panel of the carton.

3  Applying trade description to cans

The information specified in paragraph 1.2 (k) must be embossed on the can or indelibly applied directly to the can.

4  Poultry meat for further processing

4.1 Despite subclause 1.2, the occupier of the establishment at which poultry meat or poultry meat products for export for food are originally prepared may elect to apply to poultry meat or poultry meat products being transported between registered establishments a trade description containing only the following information:
Clause 5

(a) the species of poultry from which the poultry meat or poultry meat products were derived;
(b) for packaged poultry meat and poultry meat products — the date of packaging;
(c) the words “FOR FURTHER PROCESSING BEFORE EXPORT”.

4.2 If an election under subclause 4.1 is made, then, before the poultry meat or poultry meat products are loaded for export:
(a) a trade description containing all the information required by subclause 1.2 must be applied to the poultry meat or poultry meat products; and
(b) the words “FOR FURTHER PROCESSING BEFORE EXPORT” must not appear.

General) Order 2005 — the circumstances in which the
importing country authority specifies that a mark of that
kind may be applied no longer exist.

   Note  Paragraph (b) is in addition to any importing country requirements to
deface an official mark. For guidance see the Export Meat Manual Volume

   (b) identified so that it is clear to which markets they are eligible for export.

6 **Action if integrity not assured**

If the occupier of a registered establishment suspects that the integrity of poultry meat or poultry meat products is not assured, the poultry meat or poultry meat products must be identified and held separately under conditions of security until an authorised officer applies a disposition to them.

*Note* For the requirement to notify an authorised officer if it is suspected that integrity is compromised see clause 10 of Schedule 2.

7 **Dispositions applied if integrity not assured**

   (b) the information referred to in clause 8 given to the occupier is inaccurate or incomplete;
